

Electronic Alerts for Dynamics SL

The DynaAlerts module will send anyone an email alert message from within Dynamics SL. It provides organizations the flexibility to define tailored business events and generate alerts for exception management.

DynaAlerts

Electronic Alerts for Dynamics SL

FEATURES and BENEFITS

Customer Alerts

Sharpen your image by electronically sending quotes, orders, and invoices to customers.

Reduce phone calls by sending order status information and shipping manifests to customers who would otherwise call the sales desk.

Increase collections by emailing customer statements.

Vendor Alerts

Automatically send vendors your purchase orders.

Internal Alerts

Setup custom alerts based on critical event that occurs in the SL database.

Alert the controller on any AP voucher entered that is over a specified dollar amount.

Send the sales manager any quotes that are over 90 days.

Email the sales manager a copy of any order over a specified dollar amount.

Send senior management a report of all sales over the last 5 days.

Automatically provide each salesperson a copy of their customer's orders.

DynaAlerts

Electronic Alerts for Dynamics SL

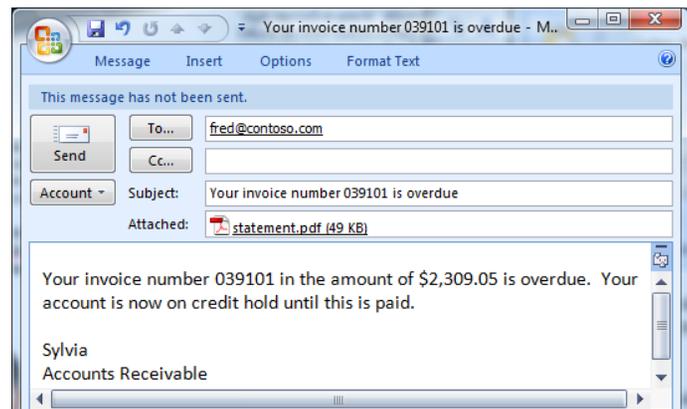

“Age-sensitive alerts” allow users to cause an alert based solely on the passage of time. Use this feature for monitoring old inventory, quotes or receivables.

“The accounting department was extremely satisfied with our implementation of DynaAlerts. It provides better and more efficient ways to communicate with our customers.”

Engineering Manager
ValueClick Corporate Systems

“Emailing order confirmations automatically from our website provides a sharp, professional image. This is how we want our customers to think of us.”

Charles Hogerty, Health Plus
<http://www.healthplusinc.com>

Automatically attach a related Crystal Report with related information along with the email alert.
