

# DYNA RENT

Rental Management  
with Microsoft Dynamics®

## Rental Management with Microsoft Dynamics

DynaRent supports businesses that specialize in equipment rental. With DynaRent you can enter rental orders quickly and easily and keep track of rental equipment at all the times.

## With DynaRent and Microsoft Dynamics you get ...

**Complete Rental Solution.** Handle your total front office equipment rental and billing needs.

**Backoffice Accounting.** Run your back office seamlessly with the rental counter.

**Material Control and Job Costing.** Include integrated job costing and inventory accounting systems, support all your lines of business.

**Customizable and Extendable.** Use the Microsoft Dynamics customization tools and extend your rental solution in any direction.

**Automatic Emails.** Save time and money by emailing all customer-facing documents.

**Safe Investment in Technology.** Built with the leading Microsoft technology, DynaRent will never become outdated.

## Industries DynaRent serves

- Party and event rentals
- Computers and electronics
- Audio and video equipment
- Construction equipment
- Power generation
- Oil tool, downhole and drilling equipment
- Marine, watercraft, and sporting equipment
- Movie production and prop rentals
